

AI AIRPORT SERVICES LIMITED.

CORRIGENDUM

Tender No: AIASL/ERP/ENQ-01

Date: 07.04.2021

Sub: TENDER FOR ERP Software Package for AI Airport Services Limited (Formerly known as Air India Air Transport Services Limited)

We are providing the following clarifications in this corrigendum:

- a) Bidder Queries and AIASL Response
- b) Regarding Integrity Pact

Queries from Bidder and AIASL Response

- Number of average daily transactions - to arrive at infrastructure & technical architecture
 - reply-total transactions can be broadly estimated from the number of flights handled ,staff strength and fleet size of GSEs.
- Plant & machinery fleet size to be managed within the Maintenance module & the Asset management module
 - reply-approx 2500 major GSEs
- Would AIASL consider automated capture of GPU, ACU, ASU services for billing purposes using telematics?
 - reply-Invoicing, as per equipment usage and handling contract terms with the customer.
- Would AIASL consider implementation of telematics to automatically capture utilization data for implementation of preventive maintenance regimes?
 - reply-as per equipment usage and AMC terms with the service provider. For older GSEs as per OEM norms.
- Is AIASL looking for a full-fledged Finance system part of this solution and interface necessary data to SAP, the finance system for AI group of companies?
 - reply-a full-fledged Finance system, as in tender terms, will be the part of this solution. During the transition period ,an interface to SAP reqd.

INTEGRITY PACT

The Integrity Pact is applicable only if the value of the tender exceeds a certain amount. It is not required at the time of submitting the Bid (it will be signed with successful vendor as per requirement).
